# Vancouver Island Life Sciences

Woodward Room, Begbie Hall  
Royal Jubilee Hospital

Discover the health research landscape on Vancouver Island and in BC through short presentations from Island Health (**Cindy Trytten**, Director of Research), UVic (**Brent Sternig**, Director of Research Partnerships and Knowledge Mobilization) and the BC Ministry of Health (**Heather Davidson**, Assistant Deputy Minister, Partnerships and Innovation). Presentations will be followed by meet-and-greets that will bring health care providers, health research leaders, and life science innovators together to network in the following areas:

- Clinical Research
- Patient-Oriented Research
- Research Facilitation and Collaboration
- Innovation and Technology
- The BC Academic Health Science Network
- The University of Victoria
- The Centre for Interprofessional Simulation Learning
